Start Anchor Bridge SO173 855

1. Follow road uphill as far as summit of road. Opposite car park/picnic area, take gate on L onto track along Kerry Ridgeway. Continue through various gates to viewpoint at Two Tumps.
 2. In 300yds after indistinct ditch of Cross Dyke bear R at fingerpost (poss missing) SO 115 850 to cross stile, descend and follow row of posts to thin conifer copse. Bear R to cross stiles onto B4355 and R to Black Gate SO 107 853. Go left through two gates onto track.
 3. Follow track through gate by modern barn to sheepfold at SO 102 852. Go ahead through two gates then immediately R uphill keeping fence/row of conifers on R.
 4. Descend to pass through gate then bear L following distinct track. Follow track through gate x2 to road (A483) at SO 094 859.
 5. Go L on A483 for 650 yds then turn R over stile at Bwlch Gate SO 089 858. Go ahead, descend slippery steps *CARE* and L on track to cross stile.
 6. Cross field to gap in hedge in LH corner. Follow LH field edge (small conifers) to cross stile/gate *CARE*.
 7. Descend to stile at lowest point of field and cross into wood and down slope *CARE*, through gate then R down slippery steps *CARE* crossing stream to stile. Go L on track to cross 'causeway' rising into field. Cut across highest point of field then descend to gate.
 8. Follow rough/muddy track to footbridge. Cross further field to gate.
 9. R on metalled track for 150 yds then L at stile up bank *CARE*.
 10. Ascend field to gate in middle of facing hedge.
 11. Bear right ascending across field to gate/stile in corner of field under Ash tree *CARE* then steep climb to stile on R immediately before farm buildings.
 12. Cross ditch *CARE* and descend bank with slippery steps *CARE* to road then L uphill to CP1.
- CP1 Llwyn-Madoc SO 077 862**
13. Leave CP1 uphill and take RH fork in road. Follow road downhill and uphill to T-junction. Take gate ahead at 069 864 and bear left to gate.
 14. Follow track downhill to yard (Ty'n-y-wern/Wergliodd-gam) and ahead passing L of building with satellite dish to stile *CARE* to R of Oak tree, then R to descend steep grass bank *CARE*.
 15. Cross ditch+fence and ahead across field passing to L of two prominent oak trees to edge of woods.
 16. Enter woods and descend, shortly bearing L. Descend wet path further to short stile *CARE* and footbridge crossing Mochdre Brook.
 17. Spy along footbridge for line uphill. Climb steep, slippery bank *CARE* directly uphill through trees resisting temptation to bear right. At clearing go ahead through thin hedge to field.
 18. Ascend directly up field, to single footpath post in mature hedge, to gate at black/white house (Penthryn) at SO 061 868.
 19. R on track to road then L on road uphill. Follow road 0.75 miles until track on L and immediately through gate with sign 'Beware of Bull' at SO 053 873.
 20. Follow track uphill and on approaching 'col' take LH fork in track and in 25 yards cross fence to left of broken gate. Cross short stretch of rough ground to join track and follow track down valley.
 21. Follow track through gates to road and down to Llandinam at SO 025 884.

22. R onto A470 then in 250 yds take road on left by statue of David Davies, crossing R Severn.
23. In 350 yds, before Broneirion Lodge, go L onto track at SO 022 886.
24. Follow track R through gate at Troedyrhiw.
25. Follow track uphill a short way through bracken. As distinct path bears left and levels, do not cross stony stream bed but strike R on rising path through bracken to oak trees. Strike L uphill on path through bracken to uphill to head of bracken-filled gully keeping trees on R.
26. Go ahead to R of old gatepost (in hedge) and skirt to L of 'domed' field, climbing slightly to galvanised bridgeway gate at edge of wood.
27. Follow path through wood continuing uphill (ignore track joining from L not shown on maps) until farm track at SO 017 882.
28. At junction of tracks take gate ahead into field joining Severn Way.
29. With hedge on R, continue to gate at entrance to wood and continue on path ahead.
30. Follow path, to gate then to muddy ditch. Continue through next field with hedge on left. Strike R across next field via post in middle to track at gate and low bridge.
31. Follow track around RH edge of wood and onwards to track and metalled road.
32. At T-junction SO 001 874 turn L dir. Gwastadcoed then in 30 yds R onto muddy bridgeway. Descend to gate in RH lower corner.
33. Follow bridgeway/track to join road at farm (Wigdwr). Follow road downhill then rising for 80 yds to short lane on R at SN 989 864.
34. Turn R leaving Severn Way to gate/stile then cross field ahead to footbridge and two stiles L of house. Go L on track by Pwllpridd to road.
35. Turn R following road by Oakley Park and uphill and on to CP2.

CP2 Cefn Bach SN 975 867.

36. Follow road down from CP2 (**have you checked out?**) taking **2nd track** on R (bridgeway) at SN 972 865 signed Cefn Mawr to Farm.
37. Take gate on L into woods to L of farm to gate then L down hedged lane to field with hedge on L passing L of farm building on track to B4569.
38. Cross road at SN 962 864 to follow track uphill. Stay on track as it bears round to L.
39. After rubbish dump in wood on L, at SN 956 862 take gate on R joining Glyndŵr's Way and follow field edge keeping hedge on L to gate.
40. With wood on left descend to cross stile then bear R across field to gate in lower RH corner.
41. Join road for 100 yds then go L to stile on RHS of entrance to Bron-y-geifr at SN 954 867.
42. Descend field crossing three stiles to gate on road (spot height 159).
43. Cross road into drive for Garth Farm. On 300 yds strike R up steep bracken bank to stile then ahead on ascending track past mature pine trees on R following track into next field.

44. Pass small quarry on L into further field at SN 945 872, then in 100 yds veer R on less distinct, shallower track contouring R of Garth Hill to gate into green lane bounded by trees. Follow lane to gate.
45. Follow Glyndŵr's Way as it takes sharp L across field then R along field edges then alongside drive to Pen-y-banc as far as B4518. Do not follow old route through Pen-y-banc.
46. Turn R on B4518 *CARE – limited grass verges, fast road, poor visibility* Take road L signed Llyn Clywedog at SN 932 868 *CARE* to cross Afon Clywedog.
47. At junction with gated side road on left, go through gate ahead to field at SN 914 862.
48. Bear R to strike across first field to gap, then follow LH side of hedge line up second steep field to stile by trees.
49. Ascend from stile until contouring sheep track is located (approx. 5m elevation above stile). Traverse L on path through gorse and bracken with steep drop on L *CARE*.
50. Follow path, level at first then slowly descending and through new (2018) gate. Keep low by trees to join sunken lane just past derelict building on L.
51. Continue ahead crossing small bog/stream immed. before old grass/gorse-topped spoil heap at SN 906 865. Do not ascend spoil heap but instead turn immediately L between trees and spoil heap. Skirt spoil heap on wet path to cross stream on crash barrier bridge *CARE* to pass between game feed sheds and pheasant pens of Aberdaunant Shoot. Take broad footbridge on R in 15 yds over stream. NB bridge may have Sarn Sabrina sign.
52. Ascend through gate then follow shale path to field. Bear R to follow track running along LHS of valley (Nant Gwestyn on 1:25,000 maps) through gate then progressively climbing out of valley to L.
53. At top, to second gate then cross flat ground to obvious road junction at SN 897 860. Cross cattle grid and bear L onto unmetalled track to Brithdir then follow obvious gated track to join road in valley of River Severn at SN 886 855.
54. Follow road to picnic site in Hafren Forest and CP3.
CP3 Hafren Picnic Site SN 857 869.
55. Leave CP3 (**have you checked out?**) under wood arch taking LH path and go ahead onto board walk signed "Cascades Trail". Continue ahead beyond end of boardwalk, past the Severn Flume following posts with both white and blue bands. Continue past covered picnic area to footbridge a little up the infant River Severn which joins from the right.
56. Cross footbridge and turn immediate L following "Wye Valley Walk". **DO NOT FOLLOW SEVERN WAY BEYOND THIS POINT.** Follow posts with Wye Valley emblem and single white band past second flume to T-junction with forest road.
57. Turn L along forest road following posts with Wye Valley emblem to join 'old' route at 833867 then turn R on forest road looping N then S to forest boundary gate at SN 829 868.
58. Continue for 400yds to highest point on track at SN 827 865 (just before track bends to right).
59. Leave track following 303 deg (mag) ascending steadily to 'col' W of Pumlumon Arwystli at SN 809 874 where boundary fence is joined.
60. Follow boundary fence on 268 deg mag, crossing it to reach boundary stone (marked '1865↑') and cairn at

SN 799 871 (spot height 727m). NB Plynlimon's summit is first seen 0.6 miles distant from this point.

61. Cross second fence and, keeping it to your R, follow fence (bearing 264 deg mag) descending initially then ascending to cross stile in fence to attain Plynlimon summit and trig. point at SN 790 869.
62. *From summit look NW to identify nearby lower hill of Pumlumon Fach with valley of Maesnant running between it and the main summit of Plynlimon.* From trig point head N for 200 yds to large cairn then bear L descending to second smaller cairn. Descend ridge N to col. Join sheep track skirting reeds on L shortly bearing L to follow valley of Maesnant keeping stream on L. At crossing vehicle track turn L along it. After 1000m look for indistinct path at bend in track close to road to cut corner. Go L at road. Pass pumping station then R at next junction to cross dam to CP4.

CP4 Nant-y-Moch dam SN 753 862

63. Continue on road (**have you checked out?**) skirting Nant-y-moch reservoir to SN 737 867 then L onto stony track and ahead through gate.
64. Continue on track to take RH track at T junction then descend to cross ford (Nant Melyn). Immediately after ford at SN 729 864 cross fence or go through gate and follow path 250 deg mag by N shore of Llyn Craig-y-Pistyll. Now choose your route:
65. SCREE PATH: don't cross dam but continue ahead to scree *CARE* and steep descent to Leri valley. Continue to instruction 67.
66. FIREBREAK PATH: Cross stile onto dam. Take gate on R, descending rough track to cross outlet stream at pipes *CARE*. Bear R onto path traversing LHS of valley. Continue through gate until firebreak bears off L and downhill. Descend firebreak as far as prominent large rock in centre of firebreak (approx. halfway down). Here follow path on R through trees past farmhouse crossing stile to footbridge and ahead to path.
67. Follow path through gate to old mine workings and through further gates past farm at Llawr-y-cwm-Bach. Continue along track as far as gate at SN 701 856. Here leave farm track striking ahead across field in direction of the wind farm on horizon to stile in fence.
68. Continue ahead on path to rejoin track before Llanerchclwydau then at SN 691 857 take gate ahead, and follow line of thin hedge to gate and rejoin track. Continue to CP5 at Bont-goch.

CP5 Bont-goch SN 685 862

69. From CP5 (**have you checked out?**) follow track through gate to road. Go L on road and continue ahead to Bow Street.
70. At Bow Street go L onto A487 then R in 600yds on road signed Llangorwen/Clarach. NB this road is often busy with traffic. Continue through Llangorwen to Finish at Clarach Bay.

Finish Clarach Bay SN 587 840
